Technical Skills

- Web And Mobile Application Development
- PHP
- React
- Rest API with Go lang
- SQL

POOVARASAN S

COMPUTER SCINENCE STUDENT

I aspire to develop impactful web and mobile solutions, contributing to a better future and organizational growth. Committed to excellence, I continuously enhance my skills to deliver high-quality work and exceed expectations.

Education

2021 - 2025 Bannari Amman Institute of Technology

Computer Science and Engineering CGPA : 8.1 (Upto 4 Semester)

HSC: 2021 Santhinikethan HR Sec School - Karimangalam

Percentage : 93.2 %

SSLC : 2019 Santhinikethan HR Sec School - Karimangalam

Percentage : 92.2 %

Milestones

PROJECTS

1) MATERIAL TRACKING SYSTEM

Role : Developer (Team Work)

Team Size : 5

Tech Stack : HTML, CSS, JS, PHP AND MYSQL DATABASE

Duration : Feb 2023 - Mar 2023

Developed a customized inventory tracking system, optimizing property management and streamlining operations. Implemented comprehensive solution collaboratively, ensuring efficient inventory monitoring and organization.

2) AI BASED SAFETY APP FOR DRIVERS

Role : Developer (Team Work)

Team Size: 2

Tech Stack : FLUTTER, PHP AND MYSQL DATABASE

Duration : Feb 2023 - Mar 2023

Innovatively engineered an automated notification response application using Flutter for mobile development and integrated with PHP and SQL for robust data processing and management.

3) Project Manager

Role : Developer (Individual)

Team Size : 1

Tech Stack : PHP, JAVASCRIPT, JQUERY AND MYSQL DATABASE

Duration : Aug 2023 - Sep 2023

Designed and implemented a comprehensive project management system empowering team leaders to efficiently oversee project details and streamline workflow processes.

4) Question And Answer Portal

Role : Developer (Individual)

Team Size : 1

Tech Stack : REACT, JAVASCRIPT, GOLANG AND MYSQL DATABASE

Duration : Sep 2023 - Nov 2023

Created a versatile portal facilitating the collection, organization, and dissemination of questions, along with supporting multiple choice functionalities for efficient knowledge management.

Programming

- C (Intermediate)
- C++ (Intermediate)
- JAVA (Advanced)

Areas of Interest

- Data Structures
- OOPS

Tools

- Git & Github
- SQLyog
- Vs Code

Personal Skills

- Time Management
- Optimistic
- Teamwork
- Leadership

Hobbies

- Learning new Technology
- Spending quality time with friends.

Language

- English - R/S/W
- Tamil - R/S/W

INTERNSHIP

1) Data Analytics And Visualization Virtual Experience

Duration : 31 AUG 2022 - 14 SEP 2022 (15 Days)

Place: Accenture, Chennai

- Intern in the specialization of Machine learning based on real time dataset.
- Built a market dataset and performed the Machine learning algorithm such as Regression, Data preprocessing etc.

Web Developer

2) Duration : 21 AUG 2023 - 31 DEC 2023 (3 Months)

BANNARI AMMAN INSTITUTE OF TECHNOLOGY, ERODE.

Stipend: Rs. 10,000/per month

- I have hands-on experience as a developer, having interned at my college where I developed essential portals for various college functions. My role involved creating and maintaining these portals to streamline college operations effectively.

CONFERENCE

1) Second International Conference On Advanced Engineering And Technology (ICAET - 2022)

Organizer: RSP Conference Hub, Coimbatore.

Title : NON- TRANSFERABLE NFT USING WEB 3.0 TECHNOLOGY

ACHIEVEMENTS

1) DATATHON 2023

Organizer : Data Science Special lab, Bannari Amman Institute Of Technology.

Project Title: AI BASED SAFETY APP FOR DRIVERS.

Prize: First Runner Up.

2) BIT'S HACK 2022-23

Organizer: Bannari Amman Institute Of Technology.

Project Title: MATERIAL TRACKING SYSTEM

Prize: First Prize (Rs. 10,000)

3) SMART INDIA HACKATHON 2023

Organizer: Indian Space Research Organisation(ISRO INDIA).

Project Title: Bluetooth Based Multimedia Communication App.

Status: Participated

CERTIFICATIONS

- Blockchain Basics - Coursera | Jan 2022
